### PIKAKE WALL COMPLETED

**A pikake lei mosaic welcomes you into Grove Farm's Pikake neighborhood.**

After many months of preparation and hard work, Grove Farm is pleased to announce that the wall along Nuhou Street, bordering Pikake subdivision, is

now complete.

The concrete tile block wall was constructed with wind-breaks to allow for better circulation of passing breezes.

The accompanying sidewalk has already become a favorite with local walkers and residents, with many seen taking advantage of the convenient and safe community amenity.

Artist Leah Kilpatrick-Rigg and her energetic team of helpers finished the entire installation of the 15 unique mosaics depicting native

plants and flowers within two weeks.

The entire wall, as well as the colorful mosaic panels, were sprayed with an anti-graffiti sealant in an effort to deter vandalism.

**Leah Kilpatrick-Rigg applies pressure to a mosaic piece being installed on the Pikake Wall along Nuhou Street.**
